The Joe Opatowski Memorial
Walk the Walk-a-thon

Joe taught us the value and impact of kindness and togetherness through his inspirational presentations. He talked the talk in his work but in his daily life, he Walked the Walk. Our goal is to Walk the Walk by committing acts of kindness all over the community. It is our way of honouring Joe and remembering how much love and joy he gave us. We think he would really be into this! ☺

All donations will go to Joe's Dream. This is a scholarship fund that will give all young people the opportunity to volunteer in impoverished regions of the world, learn from new friends, explore their leadership potential and change their life through helping others. Thank you!
